**Subject:** RE: Honolulu Project Meeting Tomorrow

The meeting tomorrow is the monthly on site visit and meeting that the PMOC team has with the grantee. They meet with the grantee every month for two or three days. All our PMOC's do this for all our projects they oversee. Normally, FTA regional or HQ staff do not attend or listen in on these all day and sometimes two or three day meetings. We get a monthly report and a trip report. FTA staff attend the quarterly review meetings with the grantee. We have not been having these with Honolulu yet. In the case of Honolulu we have been listening in off and on. I hope this does not become a requirement because it would be difficult to devote this much time to one project on a monthly basis.

It is good to know that an FFGA prep is being contemplated. The project is currently in PE. We don't know when the ROD will be issued because of some local Honolulu issues and therefore we do not know when they will be ready to ask for entry into Final Design. Soon I hope.

Hi everyone,

Is there a meeting tomorrow? Is yes, could you please forward me the meeting announcement?

Thanks,  
Robyn

Harvey et al:

The completion of the FEIS is a useful milestone for a transition here in FTA HQ from me to Robyn Sinuefield as the team

AR00101090

leader for this project. Robyn coordinates FTA activities for all New Starts projects as they approach and obtain their FFGAs. I'll keep an eye on the project via Robyn -- can't wait to see the updated financial plan, for example -- so you do not need to cc me on communications.

Thanks.  
Jim
